From the Quiler of 1936
No 9199-8 dated 18/2/37

Recommended that the services of
two temporary field assistants may, for
present, be extended by another year from
1/7/37 on their present pay of Rs 75/-^{p.m.} and
their pay & T.A. being added to be met
as before under the head of "General
Survey & Prospecting Work" of the departmental
budget.

1 sub. Two temporary field assistants were
added to be entertained for a period of
one year in connection with the work
of the following minerals -

- 1, Ornamental building stone
- & 2, Ceramic & stoneware.

These posts were continued for
another year from 1/7/36.

The Govt's recommendation
to continue these two posts for another
year from 1/7/37.

A draft ^{sanctioning} ~~sanctioning~~ is put in
for consideration. The Joint Secy may
perhaps be consulted in the matter.

GOVERNMENT OF MYSORE.

Telegraphic Address:—"GEOL."

MYSORE GEOLOGICAL DEPARTMENT,

Bangalore, 18th February 1937.

No. 9199-8

FROM

B. RAMA RAO, Esq., M.A., D.I.C., F.G.S.,

Director of Geology in Mysore,

Bangalore.

22 FEB. 1937

To

M. Venkatanaranappa, Esq., B.A.,
 Secretary to the Government of
 His Highness the Maharaja of Mysore,
 Development Department,
 Bangalore.

SIR,

I have the honour to state that according to Government order No.D.5674-75/Geol.25-35-6 dated 17th March 1936, the services of the two temporary field assistants on Rs.75/- each per month, were extended for a period of one year from 1st July 1936 and their present term is due to expire on 30th June 1937. The entertainment of these two temporary field assistants, to attend to the routine technical work and to conduct ^{minor} prospecting and mining operations has made it possible for the senior officers to take up special investigations, especially relating to some of the building stones of the State. The preliminary work done last year on the slatey rocks near Hiriyur, disclosed the possibility of winning paving slabs of suitable dimensions. Further investigations to test the possibility of placing these stones in the market as suitable substitutes for the Cudappah slabs, for ornamental paving, are being continued and it will take some time to get definite results. There are a few more deposits of similar character in that neighbourhood. Besides these, there are several other types of ornamental building stones occurring in different parts of the State which need thorough investigations. To help in these special investigations and to be in charge of mining work of the several minerals, quartz, felspar, kaolin etc. required for the Porcelain Factory, it is found absolutely necessary to retain the services of the two temporary hands.

I therefore beg to recommend that the services of the two temporary field assistants may, for the present, be extended by another year ~~for~~ from 1st July 1937 on their present pay of Rs.75/- each per month, their pay and travelling allowance being ordered to be met as till now, under the grant of "Mineral Survey and Prospecting work" of the departmental budget.

Early orders of Government are solicited.

I have the honour to be, .

Sir,

Your most obedient servant,

B. Ramadas

D i r e c t o r ,

9199-13

MYSORE GEOLOGICAL DEPARTMENT,

Bangalore, 23rd July 1937.

FROM

B. RAMA RAO, ESQ., M.A., D.I.C., F.G.S.,
Director of Geology in Mysore,
Bangalore.

To

M. Venkatanaranappa Esqr., B.A.,
 Secretary to the Government of His
 Highness the Maharaja of Mysore,
 Development Department, Bangalore.

SIR,

With reference to your letter No.D.607/Geol. dated the 20/21st July 1937 requesting to be furnished with a detailed report of the work done by the two temporary Field Assistants during the year 1936-37 and the work to be done during the ~~year~~ current year, I have the honour to state as follows:-

During last year, 1936-37, one of the Field Assistants was engaged in mining raw materials, such as Kaolin, felspar, quartz and graphite for supply to the Government Porcelain Factory and the Mysore Iron and Steel Works; and the other was engaged in prospecting for ^{associated with other deposits} ~~ochery~~ gold, and in assisting a senior officer in the winning of slaty stones at Hiriyur. Besides the above work, the two Field Assistants relieved the senior officers to some extent of their routine field work as a result of which the latter were able to devote more time for scientific work.

As the requisition for the supply of raw materials to the Government Porcelain Factory and the Mysore Iron and Steel Works is an annual one and as fresh material has to be won and supplied to the above concerns, the services of the Field Assistants are necessary during the current year also. Besides, fresh areas have to be located for kaolin, etc. to meet the requirements of the Mysore Paper Mills Ltd. and it will be necessary to depute both the Field Assistants for this work to take up the investigation of different areas simultaneously.

P.T.O.

b

For the reasons stated above, the retention of the services of the two Field Assistants is found to be absolutely necessary. Early orders of Government are solicited in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

B. Ramakrishna
Director,

Mysore Geological Department.

SIR,

In continuation of this office letter No. 9199-13 dated 23rd July 1937 regarding the continuance of the services of the two Temporary Field Assistants for the current year, I have the honour to state that the Comptroller to Government has placed under objection the pay of the above two officials for the month of July 1937 for want of Government sanction for their continuance. The objection memo No. T/746 dated 31st July 1937 is herewith enclosed for reference and kind return.

As the need for the continuance of the two hands has already been pointed out, I request that very early orders of Government may kindly be obtained in the matter.
